

MailUp User Guide Home

Welcome to the MailUp User Guide!

MailUp is your complete email delivery solution. It combines advanced features (flexible segmentation tools, dynamic content, A/B testing, triggered messages, etc.) with ready-to-go integrations and [SMTP relay service](#) for transactional and personal/business emails.

The email channel uses an innovative, flat-rate pricing policy that guarantees substantial savings over competing solutions.

Not a customer yet? [Sign-up for a 30-day free trial!](#)

Search the User Guide

or browse using the navigation on the left side, which mimics MailUp's sidebar navigation.

How to get support

- In your MailUp account, click the "Help" button in the top bar
- Click on "Help for this page" to read the KB entry on the current page
- If you don't find the answer, click the "Help button" and then "Support"
- Search the user guide for a solution
- If you don't find it, click on "Open a support ticket" to get in touch with our Support team.

How to submit feedback

- In your MailUp account, click the "Help" button in the top bar and then click "Provide feedback"
- Let us know what we can improve. Every comment is important for us!
